GROGAN'S

At all times our regular prices, marked in plain figures on every article, are as low or lower than you can find elsewhere for equal values, but at the present time we are offering special price inducements on the different lines of home furnishings most needed at this season.

Refrigerators, Go-Carts, Porch and Lawn Furniture, Hammocks, Matting Rugs; in fact, nearly all lines which add to coolness and comfort during the hot months have been very materially reduced in price.

These reductions are plainly marked, and not a penny is added if you wish them charged on a long-time open account with payments divided to suit your convenience.

I Am the Circular Letter

I'm an important link between manufacturer and consumer. The message you intrust to my care is always read, because I carry it in a clean-cut, inviting style. There are not blurred words, no blotches in my make-up. This is due to the superior process that makes me look like a type-written letter. Try me. I'll make good.

STEWART IS SILENT;
PLEADS SORE THROAT

Reluctant When Questioned in District Attorney's Office As To "Shooting Up" Court.

WILL BE CLOSELY WATCHED

Ray M. Stewart, the eighteen-year-old youth who "shot up" Criminal Court No. 1 last Monday, was taken from the District jail to the District Attorney's office yesterday morning, where he was questioned regarding the shooting. Stewart pleaded a "sore throat" and refused to talk. He was returned to jail and will not be admitted to bail pending the proceedings, as he is regarded as a dangerous character. Stewart will be under constant watch by the guards to prevent his attempting suicide.

Stewart's case, according to District Attorney Wilson, will be presented to the grand jury some time this summer. Meanwhile, Stewart will make an examination of Stewart's condition. Counsel for the prisoner will make formal application for the appointment of a commission agent to the District Attorney. It is understood, will concur, in view of the circumstances.

FINES OF \$4,000 FOR
MOTORBOAT OWNERS

More Than Twenty-five Violations of Pilot Regulations Found in Course of Inspection.

Fines amounting to nearly \$4,000 have been imposed upon owners of motor boats and other river craft operating in the vicinity of Washington by officials of the Bureau of Navigation, Department of Commerce, as a result of the vigilant inspection work conducted during the last few weeks by the motor boat Tarragon. More than twenty-five violations of the pilot regulations have been discovered. Among the latest fines imposed are the following: Power boat Rover, having no means of extinguishing burning gasoline, \$100; power boat Somerset, no halting port painted on stern, \$10; unnamed launch, not showing proper lights while under way at night, \$100; an unnamed power boat, having six passengers aboard and only one life-preserver, \$100, and a canoeist, not having lantern in boat at night, \$200.

A report of the fixing of the fines has been made to the custom-house at Georgetown, and the offenders are now being given an opportunity to file sworn statements concerning the charges. The fines are subject to reduction upon the presentation of mitigating depositions. The revenue cutter Apache came up the river last Monday, but left last night for a cruise down the bay. While in port officers aboard her inspected a number of motor boats. No violations of the law were discovered. The Tarragon is expected to remain in the Potomac until the latter part of the week.

BYINGTON CHIEF CLERK.
Promoted to \$2,500 Position in the Pension Bureau.

The Secretary of the Interior yesterday named Frank D. Byington to be chief clerk of the Pension Bureau at a salary of \$2,500 a year. Mr. Byington has been a clerk in the bureau at \$1,600 a year. Other changes made in the Interior Department were:

Resignation—Alpheus J. David, of Pennsylvania, watchman, \$720. Promotion—Earl B. Castle, of West Virginia, from copyist at \$720 to \$900. Appointments—Thomas E. Harshbarger, of Virginia, geologic aid, at \$75 a month when actually employed; David G. Thompson, of Illinois, geologic aid at \$75 a month when actually employed. Resignation—George W. Grove, of Pennsylvania, first aid miner, \$1,200.

SEWERAGE TO BE IMPROVED.

Dalcarrila Conditions Will Be Remedied by Pipe Line.

Plans to improve the imperfect sewerage facilities in the vicinity of the Dalcarrila, or the receiving reservoir on the Conduit Road, at the District line, have been adopted by the Commissioners, with the approval of Col. Langhitt, the engineer officer in charge of the District water supply system.

In a letter to the War Department the Commissioners explained that the sewerage from the falls branch system discharges into the open drainage tunnel of the Washington aqueduct, at the Dalcarrila, reservoir and creates a condition especially offensive in summer time.

The plan proposed is to construct a pipe line beneath the floor of the drainage tunnel to connect the sewer at the entrance of the tunnel and the sewer at the outlet of the tunnel. This will provide a closed channel for the sewerage. The tunnel is about 400 feet long. Gen. Bixby, Chief of Engineers, has issued a permit for the work.

Postoffice Clerk's Funeral Tomorrow
Funeral services for George H. Warner, a clerk in the Appointment Division of the Postoffice Department, will be held tomorrow afternoon at the residence, 3000 Newark Street at 2 o'clock, Rev. Charles T. Warner, of St. Alban officiating. Interment will be at Arlington. Mr. Warner is survived by Mrs. Annie Warner, his wife, and a daughter.

Children Cry For Fletcher's CASTORIA

Letters from Prominent Druggists
addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., says: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Nebr., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day, and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

POWER OFFICIALS MEET.

Potomac Electric Company's Executive and Staff Confer.

The regular monthly co-operation meeting of the executives and staff connected with the commercial department of the Potomac Electric Power Company was held last evening in the office building, 231 Fourteenth Street, at the corner, with E. W. Marlow presiding.

The roof was elaborately decorated with a profusion of palms intermingling with hundreds of colored globes fastened so as to give the effect of a canopy, the whole presenting a brilliant spectacle, the illumination from which being plainly visible from the central part of the city.

One of the features of the evening was the address delivered by C. M. Marsh, of the Engineers' Department, on the subject of the limitations of electric vehicles. A very interesting display of motion pictures, showing the uses of electric appliances applicable to household comforts and usage of electric kitchen utensils, was given for the benefit of several of the directors of the company.

The motion photographic display was

accompanied by a lecture, the same as given in several suburban localities by the company, under the auspices of social, church and citizens' associations.

Following the meeting a buffet luncheon was served to the officers and guests, among whom were Clarence F. King, W. B. Hibbs, Chas. Bell, Milton Allen, Woodbury Blair, L. E. Sinclair, E. S. Marlow, J. C. McLaughlin, C. S. Kimball, H. M. Keeling, W. L. Clark, J. T. Moffett, F. J. Whitehead, E. W. Whitehead, A. S. Barry, F. J. Merzbacher, R. Burritt, C. E. Brown, R. R. Brown, M. M. Merrill, and many others officially connected with the company and its allied interests.

Vocational Bureau the Topic.

Superintendent of Schools William M. Davidson and Prof. Gustav Blumenthal, both of whom are advocates of vocational guidance, will attend a meeting this evening at the rooms of the Board of Trade, of the joint committee of the Chamber of Commerce, Board of Trade, and Retail Merchants' Association on a vocational guidance bureau. Approximately \$100,000 a year would be needed to maintain such a bureau.
